6. **Part-year Entitlements**

During the operation of this scheme where there is an amendment to the scheme or where there is a change in the person receiving the allowance, the scheme shall be applied on a daily pro-rata basis with any over payment paid back to the Council.

7. **Claims**

A claim for any travelling and subsistence allowances under this scheme shall be made monthly in writing on a form supplied for that purpose by the Assistant Director - Law and Governance and in any event within two months of the date of the meeting or other “approved duty” in respect of which the entitlement to the allowances arises.

A claim for a travelling allowance by public transport shall be reimbursed provided the expenditure involved has been necessarily incurred to enable a Councillor or Independent Person to perform an “approved duty”. Payments shall be made subject to the proviso that tickets and/or receipts must be submitted. Fuel receipts must also be submitted for mileage claims.

A monthly claim for any dependent carers’ allowance shall be made in writing on a form supplied for that purpose by the Assistant Director - Law and Governance and in any event within two months of the date of the meeting or other “approved duty”. Payments shall be made subject to the proviso that receipts must be submitted.

8. **Payments**

Payments of basic, special responsibility, co-optees allowances and that of Non-Executive Directors shall be paid in monthly instalments on or before the twenty-third day of each month by means of bank credit transfer.

In respect of travelling and subsistence allowances, payment will be made on or
before the twenty-third day of each month in respect of claims received up to the fifth day of each month.

9. Repayment of Allowances

Where a Councillor or Independent Person has already received payment of allowances or travelling and subsistence payments in respect of any period during which they are:

- Ceases to be a Member
- Or is in any way not entitled to receive such allowance in respect of that period.

It shall be a requirement that the part of the allowance for the period in question shall be repaid to the Council.

10. Pensions

Councillors are no longer eligible to join the Local Government Pension Scheme. In December 2012 the Government proposed that there would be no access for councillors to the LGPS in England from April 2014.

11. Membership of another Authority

Where a Councillor is also a Member of another authority from which allowances can be claimed that Councillor must not claim nor receive any allowances from more than one authority in respect of the same duties.

12. List of Approved Duties for the payment of Travelling and Subsistence Allowances

It remains a condition of the payment of travelling and subsistence allowances that the duty for which they are paid has been approved before the duty is performed. It is therefore necessary for the Assistant Director - Law and Governance to approve any additional duties over and above those referred to prior to any duty which may qualify for travelling and subsistence allowances taking place.

Meetings

- Formal meetings of Council, Council Committees and Sub-Committees.
- Informal meetings and working groups for Overview and Scrutiny.
- Meetings of Outside Bodies and Partnerships where the Member has been formally appointed as a representative of the Council.
- Local Government Association Committees/Groups/Assemblies and one-off conferences and seminars provided such attendance has first been approved by
the Council.

- Attending as the Council’s representative at a National Conference, Seminar or training course provided such attendance has first been approved by the Council.

**Other “Approved Duties”**

All in-house or external training sessions organised by or on behalf of the Council.

- Formal/informal meetings of Members called in pursuance of any function of the Council.

13. **Site Visits**

Travelling allowance shall be paid to those Councillors in respect of each occasion on which that Councillor undertakes a site visit to areas within the District which are subject to reports on an agenda for a formal meeting of Council, Council Committee and Sub-Committee.

Payments shall be made subject to the following criteria:-

- A site shall only be visited where it is considered essential that a close personal knowledge of it is necessary in order for the Councillor concerned to be able to properly consider the item at Council, Executive, Committee or Panel meetings.

- Sites may only be visited by serving Councillors on a Committee or Sub-Committee (and Members who are to attend the meeting in question) which is to consider the issue.

- Site visits will be of greater frequency for Councillors serving on the Planning Committee, and where a formal site meeting takes place, a Councillor entitled
to attend will only be able to make one claim in respect of such visit notwithstanding that the visit claimed for might occur at some other time to meet the Councillor’s personal convenience.

- Where a series of sites are to be visited, the most economical route between those sites shall be chosen and every endeavour to avoid return trips to the same location shall be made (ie sites in the same locality should be visited at the same time).

- Full details of claims for travelling to sites shall be included on the form supplied for that purpose by the Head of Law and Governance.

- The approval of a travelling allowance for site visits does not extend to any site outside the Council's area and any such ad hoc approval in this regard shall be given by the Executive, Committee or Panel dealing with the issue under consideration before such a visit takes place.

- Any requests made by the public for Councillors to visit sites shall not be approved for travelling allowance purposes unless the issue concerned forms part of a current agenda item/report which has still to be considered by the Executive, Committee, Panel or Council and in such circumstances visits should only be made after a Councillor has exercised careful judgement as to whether such a visit is justified and necessary.

- When Members undertake site visits they shall have due regard at all times, and act accordingly, to the requirements of any national or local code of conduct Good Practice Guidance or Protocols operated or adopted by the Council.

14. **Subsistence Allowances**

Where a Councillor or Independent Person is entitled to receive a subsistence allowance the expenditure must have been necessarily incurred for the purposes of enabling that Councillor or Independent Person to perform an approved duty as a Member of the Council or as a Member of the Council’s Standards Committee. Payments shall be made at the maximum rates for overnight subsistence as determined by the Council. In respect of day subsistence, payments shall be made at actual expenditure up to the maximum specified in this scheme subject to the proviso that, as described, every claim is accompanied by a declaration that such expenditure has been necessarily incurred in the performance of an approved duty; a declaration certifying the period a Councillor or Independent Person is away from their normal place of residence; and a receipt or receipts showing clearly and accurately the amount of expenditure incurred.

17. **Annual Review of Scheme**

This scheme shall be reviewed annually in association with the consideration of the Council's revenue estimates for the next following year.
As from April each year the practice has been to adjust the allowances payable as necessary subject to the recommendations of the Council’s Independent Remuneration Panel. In the case of the basic, special responsibility and co-optees allowances the basis for adjusting the levels of those allowances is a matter for the Independent Remuneration Panel to determine having regard to the outcome of the Staff Side pay settlement for the relevant financial year.
